Per lb	£6/lb	£16/lb	£14/lb		£16/lb			£10/lb	£10/lb

The fish farming season is over a 12 month period, we sell fish from 6 months old up to 24 months old (graded by size), although delivery of the fish is for a limited period from the beginning of October to the end of March, they are sold on a first come, first serve basis and most of the fish from the farm are sold long before the delivery period starts, if you want to secure your order be sure to place it early.

All fisheries that buy fish must complete a movement order (section 30 form), from the Environment Agency, We will complete the section 30 form free of charge with all deliveries.

Small quantities of fish can be delivered by courier anywhere in mainland UK for £20 + VAT per box. The fish are purged for a few days prior to transport to ensure water quality remains good. The fish are bagged with water and pure oxygen and then sealed. The sealed bags are then placed into special boxes and couriered for next day delivery.

Large quantities - Fish Care is a high priority at Jon Wall Fisheries and as such we deliver all of our fish in top condition. We have two custom built trailers, both with fully controlled oxygen systems, towed by 4x4 vehicles giving good access to the waters edge.

PLEASE CAN CUSTOMERS IN SCOTLAND PLEASE CONTACT US REGARDING POSTAGE COSTS, AS THEY DIFFER FROM MAINLAND UK PRICES
